
Vantage Drilling International

Current Report

October 30, 2023

Disclosure:

On October 25, 2023, the board of directors (the “Board”) of Vantage Drilling International (the “Company”), by written consent in lieu of a duly convened meeting, approved an increase to the number of directors currently serving on the Board from five to six. Further, the Board exercised its authority pursuant to the Company’s memorandum and articles of association, and elected Mr. Jørn Peter Madsen to fill the vacancy resulting from said increase, effectively immediately, to hold office until the next annual general meeting of shareholders of the Company or until his successor, if any, is duly elected and qualified.

Mr. Madsen is the Chief Executive Officer of CHC Group LLC. Prior to this, he served as Chief Executive Officer of Maersk Drilling from November 2016, overseeing the company’s successful merger with Nasdaq-listed Noble Corporation in October 2022. Mr. Madsen joined Maersk in 1990 and his career in offshore drilling spanned technical, operational and leadership roles. These included Operations Manager, Managing Director of Maersk Drilling in Norway, Chief Executive Officer of Maersk Supply Service, and Chief Operating Officer and Chief Executive Officer of Maersk Drilling. A Danish citizen, Mr. Madsen holds a Master’s degree in Science in Engineering from the Danish Technical University and an MBA from IMD and the University of Geneva.

Mr. Madsen does not have any family relationships with any of the Company’s directors or executive officers, and he is not a party to any transactions listed in Item 404(a) of Regulation S-K.
